Jim can't make it either.

I've noticed that Vic says he's available to talk if we choose to do a story. Do you want to respond personally?

Or is there something you would specifically like me to say?

S.

Good morning

I have pleasure in inviting you to the launch of this exhibition, honouring the diplomats who saved Jews during the Holocaust.

The speakers will be:

NSW Parliamentary Friends of Israel chair Natalie Ward MLC;

Ambassador for Israel Mark Sofer;

and I will offer a personal perspective, as one of the diplomats being honoured saved five Alhadeffs on Rhodes Island.

I am available to talk about it if you choose to do a story.

Kind regards, Vic
