Statement regarding Federal Government triennium funding announcement

SBS welcomes the funding announcement from the Federal Government today, committing to SBS receiving \$953.7 million over the 2022-2025 triennium funding period.

It's an outcome that recognises the value that SBS delivers to Australians, and follows additional funding that SBS has received in past two budgets for the expansion of our language services.

We welcome the certainty it provides as we continue to deliver essential and evolving services to meet the needs of communities.
